REQUEST FOR PROPOSAL

Owensboro Municipal Utilities will receive sealed bids until 2:00 P.M. (CDT) (prevailing time) on July August 4, 2017, at which time bids will be opened and acknowledged. This is NOT a public bid opening:

OMU ESS BID #17-08-053

OMU ESS UNIT #2 TURBINE STEAM VALVE MAINTENANCE AND GENERATOR TESTING

Owensboro Municipal Utilities (OMU) requests proposals for the disassembly, inspection, maintenance, and reassembly of steam admission valves for a 265 megawatt (Unit #2) steam turbine - generator machine, General Electric Turbine S/N 170X543 (D6, tandem compound w double flow LP design) with an EHC valve control system at the Elmer Smith Station. This specification also covers the electrical and hydraulic testing of the generator. The generator is a GE S/N 180X543, 313,500 KVA. The turbine generator is an inside unit served with a single overhead crane.

The work to be performed will be conducted as specified in the specifications attached. Work shall be performed in accordance with all applicable codes and standards. Materials furnished by the Owner shall be specifically identified within the technical specification.

SITE VISIT

All Bidders are encouraged to schedule a site visit for this particular job. Instructions on how to arrange for a visit is included in the Bid Proposal. The Bidder is offered to discuss the scope of work required to complete the job, review the plant site for access, working conditions, etc., and to answer any questions related to the work per these specifications. **No additional money shall be awarded due to the Bidder's failure to review the work site. I**

Prospective bidders may obtain copies of the bid documents and specifications by sending an e-mail with your Company Name and a brief description of your business. Contact Louise Keach, Purchasing and Inventory Manager, via e-mail: keachel@omu.org.

OMU reserves the right to reject any or all bids and to waive irregularities. No e-mail, fax, or late bids will be accepted.
